

## Clearing Your Cookies for Internet Explorer

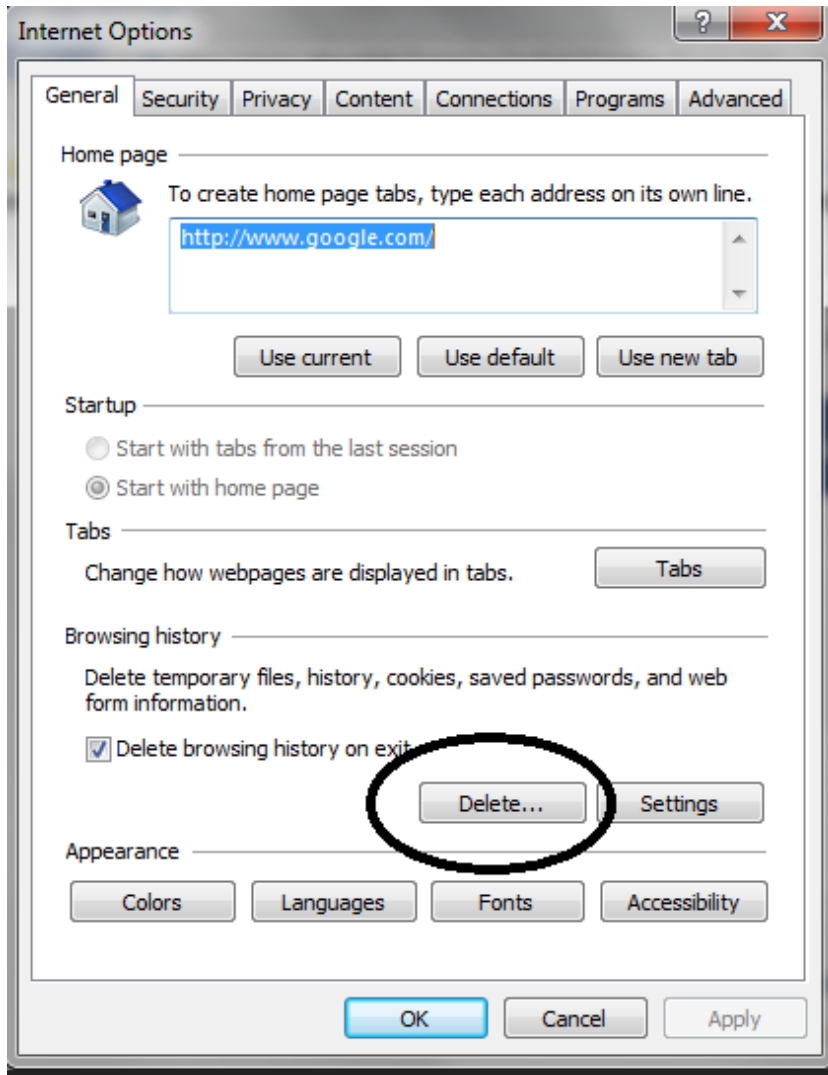

1. Go to “Tools” which is listed on your internet explorer navigation menu under the web address toward the top left of your screen as below:

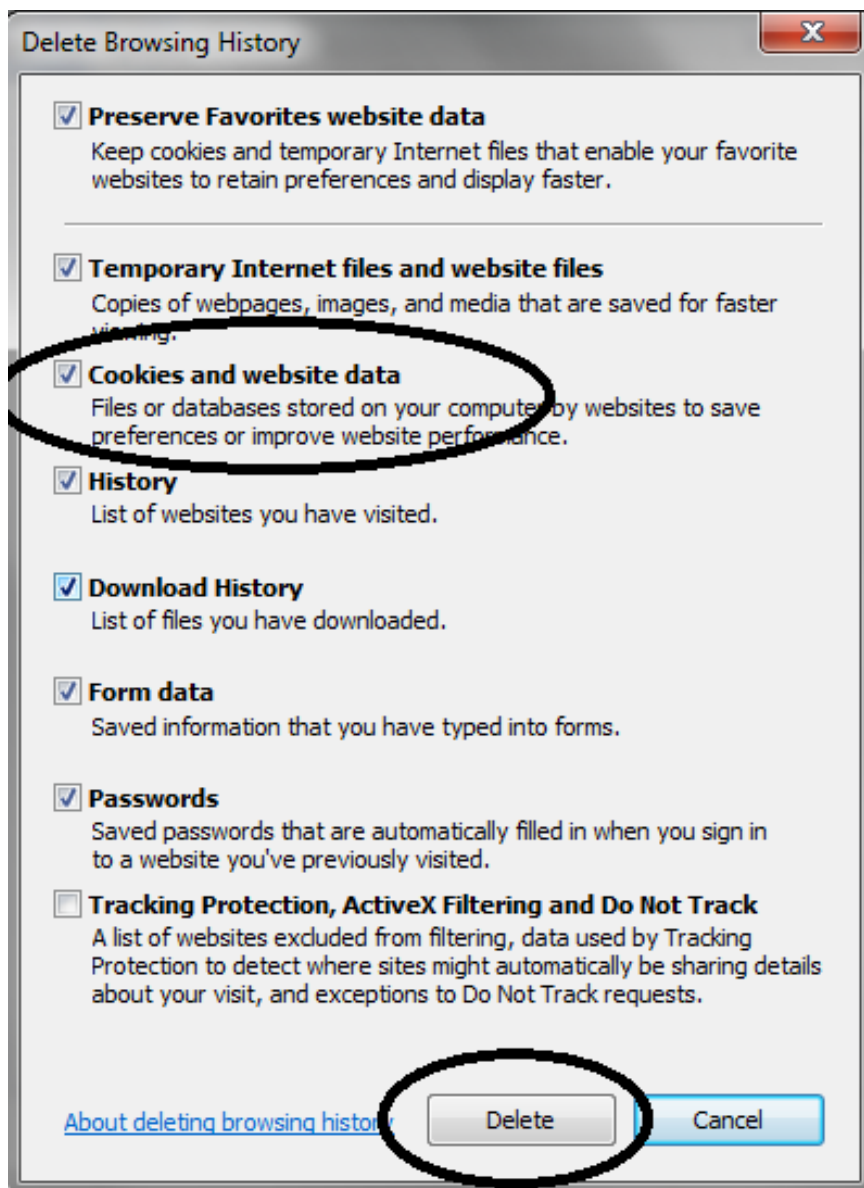

2. Go to the last option, and click on “Internet Options”:

### 3. Click on Delete

4. Make sure the “Cookies and Website data” box is selected (you can unselect the other boxes) then click “Delete”.

5. Lastly, click on "OK" when it takes you back to the main "Internet Options" menu and try to log in again.
